

Declaration of Conformity

We: Labconco Corporation
8811 Prospect Avenue
Kansas City, MO 64132 USA
Ph. 816-333-8811 Fax. 816-363-0130
labconco@labconco.com

Authorized Representative
Mauro Ferri c/o BIPIU'BI S.r.l.
Via Vittorio Veneto, 12
20091 Bresso (MI)
Italia

being the representative party in the EU solely responsible for this certification, hereby declare that the following product:

Equipment: Laboratory Equipment – Protector® Specialty Laboratory Fume Hoods

Type, Model: 112xxxxxx Protector XL Floor-Mount Hood
113xxxxxx Protector Pass-Through Fume Hood
120xxxxxx Protector Stainless Steel Radioisotope Hood
130xxxxxx Protector Stainless Steel Perchloric Acid Hood
140xxxxxx Protector PVC Perchloric Acid Hood
141xxxxxx Protector PVC Acid Digestion Hood
160xxxxxx Protector ClassMate Fume Hood
xxxxxx=any six numbers

NOTE: Above part numbers may be followed by a 5-digit number for custom modifications.

Manufacturer: Labconco Corporation
8811 Prospect Avenue
Kansas City, MO 64132 USA
Ph. 816-333-8811 Fax. 816-363-0130
labconco@labconco.com

are in accordance with the following directives:

2014/30/EU Electromagnetic Compatibility Directive 2015/863/EU RoHS3 Directive
2014/35/EU Low Voltage Directive
2006/42/EU Machinery Directive
2011/65/EU RoHS Directive

are in conformity with the standards listed below:

EN61010-1:2010+A1:2019+A2:2021 EN61000-4-3:2020
EN61326-1:2021 EN61000-4-4:2012+A1:2022
EN55011:2016+A1:2017+A2:2021 EN61000-4-5:2014+A1:2017
EN61000-3-2:2019+A1:2021 EN61000-4-6:2022
EN61000-3-3:2013+A2:2021 EN61000-4-11:2020
EN61000-4-2:2009 EN63000:2018

when installed and operated in accordance with the manufacturers installation and operating instructions.

UKCA Declaration of Conformity

We: Labconco Corporation
8811 Prospect Avenue
Kansas City, MO 64132 USA
Ph. 816-333-8811 Fax. 816-363-0130
labconco@labconco.com

being the representative party, in accordance with UK government guidance, solely responsible for this certification, hereby declare that the following product:

Equipment: Laboratory Equipment – Protector® Specialty Laboratory Fume Hoods

Type, Model:	112xxxxxx	Protector XL Floor-Mount Hood
	113xxxxxx	Protector Pass-Through Fume Hood
	120xxxxxx	Protector Stainless Steel Radioisotope Hood
	130xxxxxx	Protector Stainless Steel Perchloric Acid Hood
	140xxxxxx	Protector PVC Perchloric Acid Hood
	141xxxxxx	Protector PVC Acid Digestion Hood
	160xxxxxx	Protector ClassMate Fume Hood
	xxxxxx=any six numbers	

NOTE: Above part numbers may be followed by a 5-digit number for custom modifications.

Manufacturer: Labconco Corporation
8811 Prospect Avenue
Kansas City, MO 64132 USA
Ph. 816-333-8811 Fax. 816-363-0130
labconco@labconco.com

the object of the declaration described above is in conformity with the relevant UK Statutory Instruments (and their amendments):

S.I. 2016/1091	Electromagnetic Compatibility Directive
S.I. 2016/1101	Low Voltage Directive
S.I. 2008/1597	Machinery Directive
S.I. 2012/3032	RoHS Directive

are in conformity with the standards listed below:

EN61010-1:2010+A1:2019+A2:2021	EN61000-4-3:2020
EN61326-1:2021	EN61000-4-4:2012+A1:2022
EN55011:2016+A1:2017+A2:2021	EN61000-4-5:2014+A1:2017
EN61000-3-2:2019+A1:2021	EN61000-4-6:2022
EN61000-3-3:2013+A2:2021	EN61000-4-11:2020
EN61000-4-2:2009	EN63000:2018

when installed and operated in accordance with the manufacturers installation and operating instructions.

China EEP Hazardous Substances Information (China RoHS)

产品中有害物质的名称及含量

部件名称 Component Name	有害物质 Hazardous Substance					
	Protector® Specialty Laboratory Fume Hoods					
	112xxxxxx 113xxxxxx 120xxxxxx 130xxxxxx		140xxxxxx 141xxxxxx			
	铅 (Pb)	汞 (Hg)	镉 (Cd)	六价铬 (Cr(VI))	多溴联苯 (PBB)	多溴二苯醚 (PBDE)
(机加工件) Machined Parts	X	O	O	O	O	O

本表格依据SJ/T11364的规定编制 This table is compiled according to SJ/T 11364 standard.
 O: 表示该有害物质在该部件所有均质材料中的含量均在GB/T26572规定的限量要求以下.
 Indicates that the concentration of the hazardous substance in all homogeneous materials for the part is below the relevant threshold of the GB/T 26572 standard.

xxxxxx = any six numbers

NOTE: Above part numbers may be followed by a 5-digit number for custom modifications.

The product(s) referenced in this Declaration have been evaluated in accordance with these Regulations:

(EU) 2011/65 Restriction of Hazardous Substances (RoHS) | (EU) 2015/863 RoHS 3 Amendment

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of chemical substances in articles and preparations. If goods purchased by Labconco Corporation contain substances in permissible concentrations, the respective concentration and substance must be explicitly stated by the supplier.

(EC) 1907/2006 Registration, Evaluation, and Authorization of Chemicals (REACH)

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of chemical substances in articles and preparations. If goods purchased by Labconco Corporation contain SVHC in permissible concentrations, the respective concentration and substance must be explicitly stated by the supplier.

Labconco Corporation is not an importer of substances that are subject to registration under REACH Article 6, as no chemical substance is imported into the EU in quantities exceeding 1 metric tonne per year.

Any chemical substances potentially used in production (e.g., oils, greases, or gases) are not intended to be released and are handled under conditions that prevent exposure during intended use. As such, Labconco Corporation qualifies as a Downstream User of these substances as defined under REACH Article 3(13).

Where necessary, Labconco Corporation communicates its uses and conditions of use to suppliers to ensure inclusion in the chemical safety assessments associated with registration dossiers (per REACH Article 37).

Labconco Corporation complies with the obligations of Article 33(1) of REACH regarding SVHCs included in the ECHA Candidate List. Labconco Corporation maintains a continuous surveillance process to monitor updates to the Candidate List and assess relevance to its articles and supply chain. All suppliers are required to actively inform Labconco Corporation if SVHCs are present in any component article, in line with the ECJ ruling (C-106/14) which mandates component-level evaluation of SVHC content.

(EU) 2019/1021 Persistent Organic Pollutants (POP)

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of chemical substances in articles. If goods purchased by Labconco Corporation contain substances in permissible concentrations, the respective concentration and type of substance must be explicitly stated by the supplier.

Canada CEPA Section 71 Notice on PFAS

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of per- and polyfluoroalkyl (PFAS) substances present. If goods purchased by Labconco Corporation contain PFAS (as defined in the state of PFAS report), the respective concentration and type of substance must be explicitly stated by the supplier.

United States EPA TSCA Section 6(h) Persistent, Bioaccumulative, and Toxic (PBT)

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of substances present in accordance with the TSCA (Toxic Substances Control Act of 1977) and amended by the Frank R. Lautenberg Chemical Safety for the 21st Century Act of 2016. If goods purchased by Labconco Corporation contain restricted substances, the respective concentration and type of substance must be explicitly stated by the supplier.

Based on information from suppliers and internal assessments, Labconco Corporation has identified the following product(s) contain the respective substance(s) as defined below:

Labconco Catalog Number(s)	Substance	CAS Number (if applicable)	%w/w (or less)	Total weight (grams)
All Catalog Numbers listed previously	Lead*	7439-92-1	0.0009%	2.50

*Contained within homogenous aluminum alloy component(s) at less than 0.1% by weight.

The product(s) referenced in this Declaration have been evaluated in accordance with these Regulations:

United States California Proposition 65

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of chemical substances in components of the product which are accessible (contact is made on a regular basis) by the end user. The CIC and DARTIC publications and rulings are reviewed regularly for changes to the list of carcinogens in the California Labor Code. If goods purchased by Labconco Corporation contain substances in permissible concentrations, the respective concentration and substance must be explicitly stated by the supplier.

Products that are determined to contain chemical substances deemed harmful per the California Labor Code in component(s) accessible to the end user are identified in product sales literature and with a label (example shown below) placed on the product in a visible location.

FCC and Industry Canada EMI Emissions

Complete Electromagnetic Interference (EMI) compatibility tests for compliance with United States 47CFR Parts 15B, Industry Canada RSS-GEN, ICES-003, International Standard EN 55011, and CISPR 11 demonstrate compliance with these standards. EMC test report is available upon written requests from verified import or government authorities.

Canada SOR/2014-254 and SOR/2024-109 (Hg)

The compliance status includes recent updates, guidance, and rulings relevant to the use and communication of mercury (Hg). If goods purchased by Labconco Corporation contain mercury (Hg), the weight in grams must be explicitly stated by the supplier. Other than exempted Ultraviolet (UV) sources for water treatment and air disinfection, this product contains no disclosed amount of mercury (Hg). Unless explicitly stated in the User’s Manual, this product contains no disclosed amount of mercury (Hg). Any exempted UV source contains less than 5 milligrams (mg) of mercury (Hg). Where the product contains a UV source (fluorescent light) for water treatment and/or air disinfection, labelling requirements, SWIM reports every three (3) years and records of import retained for five (5) years are maintained.

(EU) 2023/956 Carbon Border Adjustment Mechanism (CBAM)

The compliance status includes recent updates, guidance, and rulings relevant to the import of carbon into the European Union (EU), including carbon credits. Labconco Corporation imports laboratory equipment as finished goods only, and less than 50 tonnes (50 metric tons) annually. CN Code(s) for the catalog numbers listed above are currently exempt from CBAM, as they are not listed in Annex I (EU) 2023/956. Per regulations, Labconco Corporation goods are exempt from reporting requirements. CO2 emissions for Catalog Numbers listed previously are:

Labconco Catalog Numbers	Direct Emissions (maximum)	Embedded Emissions (maximum)
All Catalog Numbers listed previously	177.3 kg	715.0 kg

(EU) 2019/19 Waste Electrical & Electronic Equipment (WEEE)

Products with the symbol below are required to comply with the European Union’s Waste Electrical & Electronic Equipment (WEEE) Directive 2012/19/EU. Labconco Corporation has contracted with one or more recycling/disposal companies in each EU Member State, and this product should be disposed of or recycled through them. Further information on compliance with these Directives, the recyclers in your region, and information which may assist the detection of substances subject to the RoHS Directive are available at www.labconco.com.

IEC61249-2-21 / JEDEC JEP709 (Low Halogen)

If goods purchased by Labconco Corporation contain bromine or chlorine, the amount/concentration (ppm) must be explicitly stated by the supplier. This product contains less than 400 ppm bromine or chlorine, and less than 800 ppm total halogens.
